

# WELCOME *Back*

I'm excited to announce the reopening of Oakland County's finest cosmetic surgery center and spa. Everything you love about our practice has returned, including laser facials, injectables and fillers, micro-needling, hair removal, mini-lifts, implants and more. Our surgery center is now open for facelifts as well.

## DR. DANISH

Dr. Danish is one of Michigan's most "in demand" facial plastic surgeons. She earned her medical degree from the prestigious Johns Hopkins University School of Medicine. She is double board certified in Otolaryngology - Head and Neck Surgery and Facial Plastic and Reconstructive surgery. Dr. Danish is on the medical staff of William Beaumont Hospital in Troy.

While we were all in a social "time out", our office was busy with a facelift of our own! You'll see an all new décor in our offices, keeping us fresh and natural in keeping with our practice philosophy. Our patients will tell you, we are dedicated to providing a natural youthful appearance in harmony with each unique person. While we have all the most advanced tools at hand, our goal is never to create a dramatic change. We strive to erase time from your appearance while maintaining your natural beauty.

I'm excited to welcome you with a free consultation. You'll be impressed by the quality of our staff, our treatments and our surprising affordability! We start with an in-depth consultation, and customize a program for your unique goals. From the finest skin care products and salon services, to in office treatments and mini lifts, to our full surgery center, we are the complete solution to bring back your most youthful and natural appearance.

Of course, we're maintaining strict health procedures even as restrictions are lifting, and we'll discuss them with you when you call for your appointment. We'll make your first visit back the most safe and comfortable experience possible. I look forward to seeing you!
